SUBJECT: Muslim World Special Funding

1. Attached is a breakdown by SOC of the relevant special FAN established in each Resource Package for the special funding for coverage of the Muslim World. The total for each RP was derived from the attachment to the D/FBIS' 20 February memorandum to the Comptroller. The breakdown by SOC is based on E&PS' evaluation of the planned projects and will have to be adjusted as a pattern of obligations emerges.

2. It is essential that RP managers identify which activities belong to regular operations and which to enhanced coverage of the Muslim World. Vouchers and other obligations documents must cite, from the beginning, the appropriate FAN. All FANS for Muslim World coverage end in "99": Ops, 0599; Prod, 0699; AG, 1599; DRD, 0999; and Management, 0399. Items not obligated specifically against these FANS will not be expensed against our special funding.

3. RP managers are requested to identify planned obligations against the special FANS and advise PO/RA of these projections by 1 April. PO/RA and C/B&F are available to assist in this planning as needed.
